Sorry that we didn't have any of the information that you needed at this time. Our department is checking around with some of the bigger cities about the cost and effectiveness of this items Taser, and Shot gun Bean bag, but so far our Budget is tight that we couldn't afford them unless we could get a grant or something like that. Well it was nice talking to you and keep up the good work to keep everybody doing their jobs right.
Thanks and God Bless

Sincerely,

George M. Arispe
